

## ULTRA BATH & SANITARY FITTINGS CLEANER – TDS

**Product Name:**

Ultra Bath Fittings & Sanitary Cleaner

**Product description:**

An effective cleaner designed for Bath Fittings & Sanitary wares. This unique product removes stubborn water stain marks and hard scaling which develops due to hardness of water.

**Advantages:**

- Effective cleaner for Bath fittings & sanitary wares
- Removes hard scaling which develops due to hardness of water.
- Removes stubborn water stain marks & lime scale with ease
- Based on surfactant to protect your chrome plated taps

**Area of usage:**

- Bath fittings
- Bath accessories
- Kitchen sink
- Wash basin
- Chrome plated taps

**Instructions for Use:**

1. Test the cleaner initially on a small inconspicuous area.
2. Liberally apply the Bath Fittings & Sanitary Cleaner to the area to be cleaned.
3. Using a tooth brush or a scouring pad, thoroughly scrub the area treated with Bath Fittings & Sanitary Cleaner.
4. Repeat the process in case of old scaling.
5. Mop up the solution & rinse well with water until all the traces of the solution have been removed.
6. Clean any spillage by washing thoroughly with water.

**Limitation:**

1. Not effective against taps that have already lost the chrome colour.
2. Not advised to use on highly sensitive chrome plate, always try on small inconspicuous area.

**Storage and shelf life:**

Bath Fittings & Sanitary Cleaner has a shelf life of 12 months in original unopened container. Store in dry conditions between 5°C and 30°C, protect from direct sunlight.

**Packing:**

500 ml & 5 ltr.

**VOC Content 1.06 g/L**

**Precautions:**

Keep out of reach of children. Wear suitable protective clothing, gloves and eyes/face protection. After contact with skin, wash

immediately with plenty of clean water. In case of contact with eyes rinse immediately with plenty of clean water and seek medical advice.

**First-aid measures:**

**INHALATION** Remove from exposure, rest and keep warm. In severe cases or if recovery is not rapid or complete, seek medical attention.

**INGESTION** Wash out mouth with water. Do not induce vomiting. If patient is conscious, give water to drink. If patient feels unwell, seek medical attention.

**SKIN CONTACT** Drench the skin with plenty of water. Remove contaminated clothing and wash before reuse. If large areas of skin are damaged or if irritation persists, seek medical attention.

**EYE CONTACT** Make sure to remove any contact lenses from the eyes before rinsing. Promptly wash eyes with plenty of water while lifting the eyelids. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.
